Dear parents and carers,

Science Week

We have had a fantastic Science week which was made possible by Mrs Smith organising some great visitors to work with the children. The children have been inspired by Mr Clay to work in aviation, Professor Bacon to be astronauts, Mr Veltom and Miss Budden to work in agriculture and Mr Morgardo to be scientists.

Corporate Challenge

Well done to all of the runners who took part in the second Corporate Challenge race this week.

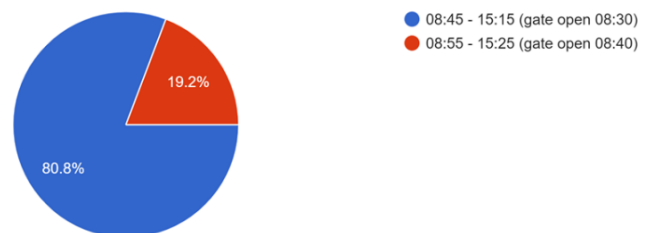

REMINDER

Change of School Hours

As you may be aware that the Government has published a mandatory change for schools to ensure they deliver 32.5 hours of education to pupils as a minimum expectation. This has to be undertaken by September 2023 so next term we will be moving our school times to come in line with this. Following our parent consultation that finished on the 9th February, it was clear the earlier start was the most preferred option.

My preferred school hours are
26 responses

This means we will be opening our gates at 08:30 every morning instead of 08:40 and register will close at 08:45. The finish time for all pupils will be 15:15 with our gates opening at 15:10 every day. We will be

using the extra time in school to work on key mathematical and grammatical areas of need as well as undertaking spaced learning ('spaced practice') to embed key facts, concepts and information from across the curriculum. <https://www.tes.com/magazine/tes-explains/what-spaced-learning>
