

Daisy's Crazy Day

Once upon a time, there was a chicken, a cow and a duck. They lived together on a farm. There was also a little girl who lived on the farm, called Daisy. Daisy used to have a family, with a mummy, daddy, brother and sister, but they had mysteriously disappeared 1 year ago. So, she had become best friends with the animals and lived with them instead.

One lovely day, Daisy was feeding the animals. The cow was feeling naughty, so he ran and charged towards Daisy! Just as the cow got to her, she jumped so high out of the way, she zoomed up into space and landed on the moon! The cow looked at Daisy flying in surprise and said "Ooops-a-daisy!"

When Daisy landed on the moon, she reached into her pocket and found a magical space helmet. She quickly put it on and began to explore.

After some time, she saw something strange....Aliens! They looked friendly, so Daisy went to say Hello. As she got closer, she saw something even stranger.....her lost family next to the Aliens!! Daisy was so happy to see her family, but also terrified at the same time. Her family explained that the cow had ran at them and they jumped out of the way and ended up on the moon! Daisy said, "No way, that happened to me too!" They all had a big cuddle as they missed each other so much. Daisy's family told her that they had been watching over her for the last year and were so proud of her.

They all said together, "Now, how do we get home???"

Daisy came up with a plan. She thought it would be a good idea to ask the Alien's for help. The Aliens ran away.....then they came back later carrying a house. This wasn't a normal house, this house turned into a spaceship!!!

The family all went into the house, made themselves comfortable for the journey home. Before they knew it, they were back on Earth.

They were back on the farm and saw the chicken, cow and the duck. The animals said "Sorry" and the family forgave them. They all had dinner together and then went to bed.

The next morning, Daisy woke up and went downstairs for breakfast. She saw her family and said "Wow, what a crazy day we had yesterday!" Her family looked at her in surprise, "What are you talking about Daisy?", she replied, "Yesterday, when I went to the moon and found you all. You were missing for a whole year!" Her mummy started to laugh and said "Daisy, you have some crazy dreams! You went to school yesterday and I was at work".

Daisy was very confused, but though it must have been a dream. She went outside to see the animals, looked at the cow, who looked back at her and winked. The End
